Evergreen Park & Recreation District 2019-2020 Medication Paperwork

These forms need to be completed and turned into Emily Kelly at Wulf Recreation Center.

The Medication packet is mandatory for any medication that would be given during program hours. Please be aware that day of drop off for medication is not acceptable. Please allow at least 5 business days for medications plans to be approved.
Medication Administration in School or Child Care

The parent/guardian of ________________________________ ask that school/child care staff give the following medication ________________________________ at ________________________________ (Time(s))

(Name of medicine and dosage) to my child, according to the Health Care Provider’s signed instructions on the lower part of this form.

The Program agrees to administer medication prescribed by a licensed health care provider. It is the parent/guardian’s responsibility to furnish the medication.

The parent agrees to pick up expired or unused medication within one week of notification by staff.

Prescription medications must come in a container labeled with: child’s name, name of medicine, time medicine is to be given, dosage, and date medicine is to be stopped, and licensed health care provider’s name. Pharmacy name and phone number must also be included on the label.

Over the counter medication must be labeled with child’s name. Dosage must match the signed health care provider authorization, and medicine must be packaged in original container.

By signing this document, I give permission for my child’s health care provider to share information about the administration of this medication with the nurse or school staff delegated to administer medication.

Food Allergy & Anaphylaxis Emergency Care Plan

Name: ___________________________ D.O.B.: ___________________________

Allergy to:________________________

Weight:_____________ lbs. Asthma: [ ] Yes (higher risk for a severe reaction) [ ] No

For a suspected or active food allergy reaction:

Severe Symptoms

[ ] If checked, give epinephrine immediately if the allergen was definitely eaten, even if there are no symptoms.

Lung
Short of breath, wheezing, repetitive cough

Heart
Pale, blue, fast, weak pulse, d{z}zy trouble breathing/swallowing

Throat
Sore throat, hoarse

Mouth
Significant swelling of the tongue and/or lips

Skin
Many hives over body, widespread redness

Gut
Repetitive vomiting or severe diarrhea

Other
Feeling something bad is about to happen, anxiety, confusion

OR A COMBINATION

OF MILD OR SEVERE
SYMPTOMS FROM DIFFERENT BODY AREAS.

NOTE: Do not depend on antihistamines or inhalers (bronchodilators) to treat a severe reaction. Use Epinephrine.

1. INJECT EPINEPHRINE IMMEDIATELY.
2. Call 911. Request ambulance with epinephrine.
   - Consider giving additional medications (following or with the epinephrine):
     » Antihistamine
     » Inhaler (bronchodilator) if asthma
   - Lay the student flat and raise legs. If breathing is difficult or they are vomiting, let them sit up or lie on their side.
   - If symptoms do not improve, or symptoms return, more doses of epinephrine can be given about 5 minutes or more after the last dose.
   - Alert emergency contacts.
   - Transport student to ER even if symptoms resolve. Student should remain in ER for 4+ hours because symptoms may return.

Mild Symptoms

[ ] If checked, give epinephrine immediately for any symptoms if the allergen was likely eaten.

Nose
Itchy/runny nose, sneezing

Mouth
Itchy mouth

Skin
A few hives, mild itch

Gut
Mild nausea/discomfort

1. GIVE ANTIHISTAMINES, IF ORDERED BY PHYSICIAN.
2. Stay with student; alert emergency contacts.
3. Watch student closely for changes. If symptoms worsen, GIVE EPINEPHRINE.

Medications/Dozes

Epinephrine Brand: ___________________________

Epinephrine Dose: [ ] 0.15 mg IM [ ] 0.3 mg IM

Antihistamine Brand or Generic: ___________________________

Antihistamine Dose: ___________________________

Other (e.g., inhaler-bronchodilator if asthmatic): ___________________________

---

### EPIPEN® (EPINEPHRINE) AUTO-INJECTOR DIRECTIONS

1. Remove the EpiPen Auto-injector from the plastic carrying case.
2. Pull off the blue safety release cap.
3. Swing and firmly push orange tip against mid-outer thigh.
4. Hold for approximately 10 seconds.
5. Remove and massage the area for 10 seconds.

---

### AUVI-Q™ (EPINEPHRINE INJECTION, USP) DIRECTIONS

1. Remove the outer case of Auvi-Q. This will automatically activate the voice instructions.
2. Pull off red safety guard.
3. Place black end against mid-outer thigh.
4. Press firmly and hold for 5 seconds.
5. Remove from thigh.

---

### ADRENACLICK®/ADRENACLICK® GENERIC DIRECTIONS

1. Remove the outer case.
2. Remove grey caps labeled “1” and “2”.
3. Place red rounded tip against mid-outer thigh.
4. Press down hard until needle penetrates.
5. Hold for 10 seconds. Remove from thigh.

---

### OTHER DIRECTIONS/INFORMATION (may self-carry epinephrine, may self-administer epinephrine, etc.):

---

Treat student before calling Emergency Contacts. The first signs of a reaction can be mild, but symptoms can get worse quickly.
