Climbing Pinnacle Class & Program Descriptions

Adaptive Climbing - For people of all ages with intellectual and physical disabilities, our trained climbing wall instructors will help participants reach new heights. Climbing will help improve strength, flexibility and confidence. Adaptive climbing equipment is available. If interested, contact Jarred Lilyhorn. *Begins in the fall.*

Belay Certified - Belay-certified climbers are welcome any time there are no climbing classes or other EPRD programming at/around the pinnacle. (Facility fee applies.)

Belay Lessons - Learn the techniques necessary to belay safely. Participants can become belay-certified by passing a certification exam taken at least three days after completing lesson.

Belay Certification Exam - The certification process offers three chances to demonstrate proper belay technique. Successful completion gives participants the ability to belay without an instructor present. Belay certifications are valid for one year. Mon/Fri 5-6 PM, Sun 12-1 PM

Climbers

- Instructors may not be available to belay during all open hours.
- Must be at least 4 years old to boulder on the pinnacle. When climbing, the 4-year-old must weigh at least 30 pounds.
- Climbing classes, climbing parties, group/private lessons (special events) take priority over open climb hours where an instructor can belay. Meaning, if an instructor is busy with the activities listed above, people must wait for the event to conclude.
- Harness rental is \$2

Belay Certified Climbers

- Belay certified climbers in need of a harness, may rent one at the front desk for a \$2 fee.
- Looking to become a belayed certified climber? We offer certification classes several times a week; refer to the current schedule on the back. No appointment necessary. Belay certifications must be renewed annually and, even if belaying, you will need to pay the daily facility fee. Private lessons are available; please inquire at our front desk.
- Note: minimum age to become a belay certified climber is 16.
- Belayed certified climbers can climb anytime the facility is open, however; the Recreation Center staff reserves the right to close certain routes or the entire pinnacle, if there is other EPRD programming in need of the space and/or the pinnacle itself.

Bouldering

- When bouldering; your feet may not be higher than your height.
- Available whenever the facility is open.
