5. DISCUSSION ITEMS FROM CONSENT AGENDA

There were no items pulled off the consent agenda for discussion.

6. AQUATICS EXPANSION UPDATE

SPC Morrison reported that concrete pours have been completed for the Aquatics Expansion project. Other updates included upcoming vertical construction, site backfilling, and the finalized sewer tap. The Board discussed outstanding sewer and water tap transfer fees, potential tap purchases, and ongoing efforts to clarify agency requirements through meetings and legal consultation. Interior finish selections, replacement windows, and possible plumbing upgrades in existing bathrooms were reviewed. The contractor transition and contract enforcement were also discussed, with conversations about lightning protection in progress with contractors.

7. Q3 2026 FINANCIAL UPDATE

The team reviewed the 2026 financial update, noting declines in core recreation program revenue that were partially offset by reduced subscription costs. The discussion covered factors affecting operations, including weather, staffing levels, facility usage, and boating-season performance. Capital improvement projects (CIP) progress was also reviewed. The team also reviewed interest revenue sources, in-district purchasing, gymnastics revenue, and concessions and merchandise sales. Additional discussion clarified distinctions between district property taxes, out-of-district program fees, and buy-in rates, noting that out-of-district fees are 25% higher and that the Board has discretion to adjust the buy-in fee.

DRAFT

8. 2027 BUDGET PROPOSAL

The team conducted a comprehensive review of the proposed 2027 operating and capital budgets, discussing revenue and expense assumptions across recreation programs, aquatics, facilities, events, and administrative functions. Conversation focused on aligning services, staffing, and programming with community demand while maintaining long-term financial sustainability.

Board and staff reviewed potential changes to program offerings, facility utilization, membership structures, user fees, and event operations. The group discussed opportunities to improve customer experience, increase operational efficiency, and balance affordability with the costs of maintaining and operating District facilities. Election-related costs and voting accessibility options were also considered, with additional information requested before final decisions are made in November.

They examined capital improvement priorities, including facility maintenance, infrastructure investments, safety enhancements, equipment replacement, energy-efficiency initiatives, and technology improvements. Discussion also included the role of grants, donations, reserve funds, and other funding sources in supporting capital projects and reducing reliance on operating revenues.
Opportunities for strategic growth were reviewed through community partnerships, potential property and facility enhancements, sponsorships, fundraising efforts, and expanded programming. Throughout the discussion, there was an emphasis on preserving existing assets, addressing long-term maintenance needs, and making investments that support future recreation services while maintaining fiscal responsibility. Several operational, pricing, and capital-planning items were identified for additional evaluation before adoption of the final 2027 budget.

*** BREAK ** 7:29pm-7:39pm*

9. 29250 US-40 PROPERTY DISCUSSION

The group reviewed the opportunity to acquire a 0.462-acre parcel through RTD's disposition process, including the appraised value and purchase timeline. Discussion focused on the property's potential to support event operations, parking, shuttle access, recreation, and other community-serving uses, while noting that some site details and boundaries remain under review. Participants also considered how the parcel could help address existing parking and accessibility challenges and support future facility and event needs.

MOTION

Director Hays moved to approve offering $100,000 (25% match funds from Open Space) from COP funds to purchase this land to help alleviate the stress on the local community from our future events. Director Hilgefort seconded. Directors Hays, Hilgefort, Eggers, and Davis voted in favor. Director McGhee abstained from voting. The motion passed with a 4-0 vote.

The Board discussed and confirmed the 2027 Board Meeting schedule.

11. OLD BUSINESS & UPDATES

12. GENERAL PUBLIC COMMENT

There were no public comments made.

13. EXECUTIVE SESSION

MOTION

Director Hays moved to enter Executive Session pursuant to C.R.S 24-6-402(4)(a), concerning the purchase, acquisition, lease, transfer, or sale of any real, personal, or other property interest, to explore real estate located at 2975 Bergen Peak Drive in Evergreen. Director Davis seconded and the motion passed unanimously. Executive Session was entered into at 8:26pm.

DRAFT

Director McGhee moved to close the Executive Session at 8:56pm. Director Eggers seconded and the motion passed unanimously. Regular session was re-entered at 8:57pm.

The Board revisited prior discussions regarding the property and considered next steps for acquisition negotiations. Members discussed moving forward with an offer/negotiations contingent upon securing both parcels involved in the project: the 5.2-acre property with an existing house and an adjacent parcel that is Jefferson County Open Space (JCOS) property. Approximately $1.2 million would be funded through a pledge from JCOS.

The Board discussed the potential to develop the property as a dog park along with other compatible recreational amenities, creating a cohesive recreational destination. The project would require staff resources and outside expertise to prepare a comprehensive development plan that incorporates both parcels. Board members noted that the property aligns strongly with EPRD's established dog park criteria, citing its favorable terrain, scenic views, shade, connectivity to open space, central location, and positive feedback from neighboring residents. The Board reiterated the seven evaluation criteria and agreed that the property effectively meets all of them.

Discussion also highlighted the site's operational advantages, including its relatively straightforward maintenance requirements. The concept under consideration is a fenced, membership-based dog park that would provide sufficient space for off-leash use while allowing owners to maintain visibility of their pets. Potential challenges were also identified, including the need to clearly distinguish the dog park from surrounding open space areas and to carefully manage trail access and wayfinding to mitigate user confusion.

Board members emphasized that one of the property's greatest strengths is its flexibility. Unlike other potential dog park sites, this property could accommodate a variety of recreational and community uses beyond a dog park. The existing building was identified as a valuable asset that could provide opportunities for community meetings, gatherings, and other public uses.

MOTION

Director Eggers moved to authorize staff to pursue purchase of both parcels and to subcontract up to $5000 for landscape design with Valerian, and devote staff labor to formulation of contract proposal. Director Hilgefort seconded and the motion passed unanimously.

14. INITIAL DRAFT OF THE NOVEMBER 2026 BOARD MEETING AGENDA

Consent Agenda (October Meeting Minutes; Projects Webpage Updates; Public Art Proposal – Skatepark); Aquatics Expansion Update; Public Hearing for the 2027 Budget; 2027 Budget Approval; Adventure Playground Discussion; Park Signage Discussion; Executive Session

15. ADJOURNMENT

MOTION

Director Davis moved to adjourn the October 26, 2026 Board of Directors Meeting as of 9:13pm. Director Hays seconded, and the motion passed unanimously. The meeting was adjourned.

Respectfully Submitted,
Madalyn Evans
Executive Manager

Artwork in public places is a vital component of Evergreen's quality of life, and through the generosity of individual, group and corporate sales and donations, we are able to increase the District's collection and install artwork in areas that might not receive it otherwise.

Application and Review Process

1. **Art Acquisition Form**
   Potential sellers/donors should contact EPRD administrative staff to request an Art Acquisition Form. This form requests standard information about the artwork, including statements from artist, partner, or organization and recipient, transfer and ownership issues, proposed contribution to the District and community, liability, safety and maintenance issues, aesthetic quality and artistic merit, materials and media, location and placement and installation information.
2. **Funding**
   Although not required in all circumstances, the District will request that all gifts to its art collection include a small amount of funding (up to 10% of the fair market value of the artwork) from the donor(s) to be designated for future conservation of the artwork. While a donation may be accepted without this funding in place, it is recommended in every case.

Buchanan Recreational Center Mural: Materials List

Prepared by Cristina Link, LINK Art Co.
October 30, 2026

Materials for the Buchanan Rec Center mural come to about $430, including a 10% buffer for tax and price changes. Most of the paint, including the base colors, is coming from my own studio stock.

Here is everything I'll need to paint the wall, from primer to final varnish. Prices are current retail as of today and may shift a little by the time I buy. I can send receipts for everything.

Wall prep

Primer goes on first so the paint grabs the wall. I'll block in the base colors with Sherwin-Williams interior paint I already have.

Item	Qty	Unit price	Total
Sherwin-Williams PrepRite ProBlock primer, 1 gal	1	$40.00	$40.00
Purdy White Dove 9" roller covers, 3-pack	1	$43.20	$43.20
9" plastic paint tray liners, 10-pack	1	$7.98	$7.98
Subtotal			**$91.18**

Mural paint

Most of the paint comes from my studio stock. These are the only colors I need to buy. I found a sale on the Nova paint and ordered it early to lock in the discount (Nova Color order #115984, October 30, 2026; receipt attached). If the board doesn't approve the mural, it stays in my studio stock, and there's nothing to reimburse.
